ECONOMIA CIRCOLARE / CIRCULAR ECONOMY

Produciamo strutture e ante in nobilitato costituite da pannelli ecologici provenienti da fornitori certificati fsc® che utilizzano legno pre e post-consumo a cui viene data una seconda vita in virtù di un'economia circolare che si autoalimenta, senza andare a intaccare il nostro patrimonio forestale. We produce melamine-faced structures and doors consisting of ecological panels produced by FSC® certified suppliers who use pre- and post-consumer wood, which is given a second life thanks to a self-perpetuating circular economy, without impacting our existing forests.
